*SUBJECT INDEX**

A

Abdomen
Asymptomatic vena caval fistulization complicating abdominal aortic aneurysm (Weinbaum, Riles, Imparato), 126
Congenital abdominal aortic aneurysms: Report of case and review of literature (Darden et al), 567
Development of model of subacute lung injury after intra-abdominal infection (Kirton et al), 384
Percutaneous aspiration and drainage for suspected abdominal infection (Pruett et al), 731

Abscess
Prognostic factors in pancreatic abscess (Becker et al), 445

Achievement
Relationship between type of surgical clerkship, order of completion, and achievement on patient management problems (Papp, Williams, Goldman), 102

Acid
Amino acid clearance and prognosis in surgical patients with cirrhosis (Clowes et al), 675
Effect of topical bile acids on gastric surface epithelial cells (Carter et al), 196
Mechanism of hepatoprotection by epsilon aminocaproic acid and putrescine (Putnam et al), 214

Adenine nucleotide
Recovery of adenine nucleotide levels after global myocardial ischemia in dogs (Ward et al), 248

Adenosine triphosphate
Cyclosporine-induced adenosine triphosphate depletion in murine T and B lymphocytes (Lum et al), 256

Adenyl cyclase
Absence of high-affinity binding sites for beta-adrenergic blockers and lack of adenyl cyclase stimulation to beta-adrenergic stimulators in most normal and adenomatous human thyroid tissues (Goretzki et al), 1001
Failure of secretin to stimulate gastrin release and adenylate cyclase activity in gastrinoma in vitro (Ellison et al), 1019

Adrenal gland
Implantable infusion pump in therapy of canine adrenal insufficiency (Saxe), 1048

Adrenal gland, contd.
Successful adrenal autotransplantation in Cushing's disease (Ott et al), 1054

Adult respiratory distress syndrome
Adult respiratory distress syndrome: Improved oxygenation during high-frequency jet ventilation/continuous positive airway pressure (Hurst and DeHaven), 764

Albumin
Failure of methylprednisolone, ibuprofen, or prostacyclin to reduce HCl-induced pulmonary albumin leak in dogs (Buchman et al), 163

Allograft
Metabolism during hepatic transplantation: Indicators of allograft function (Fath et al), 664
Prolongation of intraperitoneal segmental pancreatic allografts in primates receiving cyclosporin A (Du Toit et al), 14

Amino acid
Amino acid clearance and prognosis in surgical patients with cirrhosis (Clowes et al), 675

Androgen
Androgen receptors in human thyroid tissue (Prinz, Sandberg, Chaudhuri), 996

Anesthesia
Anesthesia-induced myocardial depression: Quantitation of effects on systolic and diastolic function (Van Trigt et al), 368

Aneurysm
Asymptomatic vena caval fistulization complicating abdominal aortic aneurysm (Weinbaum, Riles, Imparato), 126
Congenital abdominal aortic aneurysms: Report of case and review of literature (Darden et al), 567
Posttraumatic vertebral artery aneurysm and arteriovenous fistula: Case report (Roper, Guinto, Wolma), 556

Angiogenesis
Angiogenesis of human parathyroid tissue (Saxe), 1138
Studies on inflammation and wound healing: Angiogenesis and collagen synthesis stimulated in vivo by resident and activated wound macrophages (Hunt et al), 48

Angiography
Carotid digital subtraction angiography: Comparative roles of intra-arterial and intravenous imaging (Reilly, Ehrenfeld, Stoney), 909

*July, pp. 1-128; August, pp. 129-454; September, pp. 455-580; October, pp. 581-822; November, pp. 823-948; December, pp. 949-1176.

Angiography, contd.
Efficacy of routine completion operative angiography in reducing incidence of perioperative stroke associated with carotid endarterectomy (Jernigan et al), 831
Incidental asymptomatic carotid bruits in patients scheduled for peripheral vascular reconstruction: Results of cerebral and coronary angiography (Hertzer et al), 535
Value of periangiography hydration (Kerstein and Puyau), 919
Antibody
Novel approach to production of antitumor monoclonal antibodies: Antibody to cell surface glycoprotein associated with transformation by a human oncogene (Roth et al), 264
Antifactor Xa
Effect of continuous low-dose intravenous heparin administered during operation on postoperative measurements of antithrombin III and antifactor Xa (Jennings, Heather, Greenhalgh), 550
Antigen
Specific active immunotherapy with butanol-extracted, tumor-associated antigens incorporated into liposomes (Steele et al), 352
Antithrombin III
Effect of continuous low-dose intravenous heparin administered during operation on postoperative measurements of antithrombin III and antifactor Xa (Jennings, Heather, Greenhalgh), 550
Antrectomy
Proximal gastric vagotomy versus selective vagotomy with antrectomy: Results of prospective, randomized clinical trial after four to twelve years (Donahue et al), 585
Aorta
Asymptomatic vena caval fistulization complicating abdominal aortic aneurysm (Weinbaum, Riles, Imparato), 126
Infrarenal aortic dissection—Is there a clue? (letter) (Adar), 946
Rupture of a thrombosed aorta (letter) (Leather and Karmody), 946
Aortoduodenal fistula
Primary aortoduodenal fistula: Manifestation, diagnosis, and treatment (Sweeney and Gadacz), 492
Arm
Management of arm arterial injuries (Sitzmann and Ernst), 895
Artery
Arterial injuries in extremity shotgun wounds: Requisite factors for successful management (Roberts and String), 902
Common femoral artery injury by blunt trauma: Case report (Scott, Pinson, Inahara), 122
Long-term results of direct vertebral artery operations (Reul et al), 854
Management of arm arterial injuries (Sitzmann and Ernst), 895
Optimal techniques for harvesting and preparation of reversed autogenous vein grafts for use as arterial substitutes: Review (Adcock et al), 886
Posttraumatic vertebral artery aneurysm and arteriovenous fistula: Case report (Roper, Guinto, Wolma), 556
Surgical management of occluded carotid artery (Rushton and Kukora), 845
Aspiration
Accuracy of aspiration cytology in detecting breast cancer (Norton et al), 806
Percutaneous aspiration and drainage for suspected abdominal infection (Pruett et al), 731
Aspirin
Effect of aspirin and dipyridamole on patency of lower extremity bypass grafts (Kohler et al), 462
Effect of aspirin on epithelial cell membrane potentials of gastric fundic mucosa (Cheung, De, Ashley), 171
Atherosclerosis
Atherosclerosis in the young: Virulent disease (McCready et al), 863
Autotransplantation
Chronic pancreatitis: Long-term surgical results of pancreatic duct drainage, pancreatic resection, and near-total pancreatectomy and islet autotransplantation (Morrow et al), 608
Successful adrenal autotransplantation in Cushing's disease (Ott et al), 1054

B

Bacteria
Anticore endotoxin $F(ab')_2$ equine immunoglobulin fragments protect against lethal effects of gram-negative bacterial sepsis (Dunn et al), 440

Bacteria, contd.
Nipple valve as sphincter substitute for ileocecal valve: Prevention of bacterial overgrowth in small bowel (Myrvold et al), 42
Beta-adrenergic blocker
Absence of high-affinity binding sites for beta-adrenergic blockers and lack of adenyl cyclase stimulation to beta-adrenergic stimulators in most normal and adenomatous human thyroid tissues (Goretzki et al), 1001
Bile
Effect of topical bile acids an gastric surface epithelial cells (Carter et al), 196
Biliary operations
Topical versus systemic cephalosporin administration in elective biliary operations (Freischlag, McGrattan, Busuttil), 686
Bilirubin
Ileal resection–induced gallstones: Altered bilirubin or cholesterol metabolism (Pitt et al), 154
Binding
Absence of high-affinity binding sites for beta-adrenergic blockers and lack of adenyl cyclase stimulation to beta-adrenergic stimulators in most normal and adenomatous human thyroid tissues (Goretzki et al), 1001
Blood
Postmortem examination of blood supply and vascular pattern of small liver metastases in man (Lin et al), 517
Blood flow
Correlation of cerebral blood flow and EEG during carotid occlusion for endarterectomy (without shunting) and neurologic outcome (Morawetz et al), 184
Effects of intravenous and intra-arterial infusion of prostaglandin E_1 on canine hindlimb blood flow distribution (Lynch et al), 35
H^+ back diffusion interferes with intrinsic reactive regulation of esophageal mucosal blood flow (Bass et al), 404
Bombesin
Effect of bombesin on plasma cholecystokinin in normal persons and gastrectomized patients measured by sequence-specific radioimmunoassays (Jansen and Lamers), 55
Bowel
Nipple valve as sphincter substitute for ileocecal valve: Prevention of bacterial overgrowth in small bowel (Myrvold et al), 42
Brain
Brain metabolism during increased intracranial pressure as assessed by niroscopy (Proctor et al), 273
Breast
Prospective study of "fibrocystic breast disease" and caffeine consumption (Heyden and Muhlbaier), 479
Breast cancer
Accuracy of aspiration cytology in detecting breast cancer (Norton et al), 806
Antiestrogen-cytotoxic chemotherapy and bacillus Calmette-Guerin vaccination in stage II breast cancer: Seventy-two month follow-up (Hubay et al), 61
Extended radical operations on breast cancer of medial or central location (Deemarski and Seleznev), 73
Solitary pulmonary nodule in patient with breast cancer (Casey et al), 801
Bruit
Asymptomatic cervical bruit and abnormal ocular pneumoplethysmography: Prospective study comparing two approaches to management (Clagett et al), 823
Incidental asymptomatic carotid bruits in patients scheduled for peripheral vascular reconstruction: Results of cerebral and coronary angiography (Hertzer et al), 535
Burn
Effect of exchange therapy on postburn lymphocyte suppression (Warden et al), 321
Immunomodulators in treatment of peritonitis in burned and malnourished animals (Waymack et al), 308
Reversal of postburn immunosuppression by administration of vitamin A (Fusi et al), 330
Butanol
Specific active immunotherapy with butanol-extracted, tumor-associated antigens incorporated into liposomes (Steele et al), 352
Bypass
Effect of aspirin and dipyridamole on patency of lower extremity bypass grafts (Kohler et al), 462

Bypass, contd.
Effect of cardiopulmonary bypass and global ischemia on human and canine left ventricular mass: Evidence for interspecies differences (Spotnitz et al), 230
Effects of reversal of jejunoileal bypass operations on hepatic triglyceride content and hepatic morphology (Styblo, Martin, Kaminski), 632
In situ vein bypasses to distal tibial and limited outflow tracts for limb salvage (Corson et al), 756
Intraoperative assessment of in situ saphenous vein bypass grafts with continuous-wave Doppler probe (Spencer et al), 874
Patency of femoropopliteal and femorotibial grafts after outflow revascularization (jump grafts) to bypass distal disease (Andros et al), 878
Substernal gastric bypass of excluded esophagus—Results of an ill-advised operation (Orringer), 467

C

Caffeine
Prospective study of "fibrocystic breast disease" and caffeine consumption (Heyden and Mühlbaier), 479
Calmette-Guerin
Antiestrogen-cytotoxic chemotherapy and bacillus Calmette-Guerin vaccination in stage II breast cancer: Seventy-two month follow-up (Hubay et al), 61
Cancer
Accuracy of aspiration cytology in detecting breast cancer (Norton et al), 806
Adjuvant parenteral nutrition in patient with cancer (Fischer), 578
Antiestrogen-cytotoxic chemotherapy and bacillus Calmette-Guerin vaccination in stage II breast cancer: Seventy-two month follow-up (Hubay et al), 61
Biologic considerations and operative strategy in papillary thyroid carcinoma: Arguments against routine performance of total thyroidectomy (Cohn et al), 957
Cause of late postoperative death in patients with early gastric cancer with special reference to recurrence and incidence of metachronous primary cancer in other organs (Koga et al), 511
Extended radical operations on breast cancer of medial or central location (Deemarski and Seleznev), 73
Follicular carcinoma of thyroid gland: Trends and treatment (Harness et al), 972
Metastatic insulin-secreting carcinoma of pancreas: Clinical course and role of surgery (Danforth, Gorden, Brennan), 1027
Pancreatic carcinoma in childhood: Case report of long survival and review of literature (Tersigni et al), 560
Parathyroid carcinoma: Biochemical and pathologic response to DTIC (Calandra et al), 1132
Prevention of rat colon cancer metastases by perioperative immunostimulation (Weese et al), 420
Re: Successful long-term results with resection of pancreatic carcinoma in children (letter) (Wetzel), 946
Results of aggressive regional operation in treatment of cancer of floor of mouth (Shons, Magallanes, McQuarrie), 29
Solitary pulmonary nodule in patient with breast cancer (Casey et al), 801
Capillary permeability
Increased capillary permeability: Early lesion in acute pancreatitis (Sanfey and Cameron), 485
Cardiopulmonary bypass
Effect of cardiopulmonary bypass and global ischemia on human and canine left ventricular mass: Evidence for interspecies differences (Spotnitz et al), 230
Carotid artery
Surgical management of occluded carotid artery (Rushton and Kukora), 845
Carotid bruit
Incidental asymptomatic carotid bruits in patients scheduled for peripheral vascular reconstruction: Results of cerebral and coronary angiography (Hertzer et al), 535
Carotid digital subtraction angiography
Carotid digital subtraction angiography: Comparative roles of intra-arterial and intravenous imaging (Reilly, Ehrenfeld, Stoney), 909
Carotid endarterectomy
Does contralateral occlusion influence neurologic fate of carotid endarterectomy? (Sachs et al), 839
Carotid endarterectomy, contd.
Efficacy of routine completion operative angiography in reducing incidence of perioperative stroke associated with carotid endarterectomy (Jernigan et al), 831
Shunts versus no shunts in carotid endarterectomy (letter) (Van Speybroeck), 947; Neurologic deficits after endarterectomy (reply) (Rosenthal), 947
Carotid occlusion
Correlation of cerebral blood flow and EEG during carotid occlusion for endarterectomy (without shunting) and neurologic outcome (Morawetz et al), 184
Cell
Abrogation of hematogenous metastases in murine model by natural killer cells (Richie), 133
Do ischemic hearts stimulate endothelial cell growth? (Galloway, Pelletier, D'Amore), 435
Effect of aspirin on epithelial cell membrane potentials of gastric fundic mucosa (Cheung, De, Ashley), 171
Effect of topical bile acids on gastric surface epithelial cells (Carter et al), 196
Inhibition of host immunity by fluid and mononuclear cells from healing wounds (Barbul et al), 315
Liposomes as immune adjuvants: T cell dependence (Beatty et al), 345
Novel approach to production of antitumor monoclonal antibodies: Antibody to cell surface glycoprotein associated with transformation by a human oncogene (Roth et al), 264
Secretory diarrhea with islet cell hyperplasia and increased immunohistochemical reactivity to serotonin (Nishiyama et al), 1038
Suppressor cell induction in donor-specific transfused mouse heart recipients (Shelly, Wakely, Corry), 296
Cephalosporin
Topical versus systemic cephalosporin administration in elective biliary operations (Freischlag, McGrattan, Busuttil), 686
Chemotherapy
Antiestrogen-cytotoxic chemotherapy and bacillus Calmette-Guerin vaccination in stage II breast cancer: Seventy-two month follow-up (Hubay et al), 61
Children
Complications related to 234 staging laporotomies performed in Intergroup Hodgkin's Disease in Childhood Study (Hays et al), 471
Nelson's syndrome after Cushing's disease in childhood: Continuing problem (Thomas et al), 1067
Pancreatic carcinoma in childhood: Case report of long survival and review of literature (Tersigni et al), 560
Re: Successful long-term results with resection of pancreatic carcinoma in children (letter) (Wetzel), 946
Cholecystectomy
Surgonomics: Cost of cholecystectomy (Muñoz et al), 642
Cholecystokinin
Effect of bombesin on plasma cholecystokinin in normal persons and gastrectomized patients measured by sequence-specific radioimmunoassays (Jansen and Lamers), 55
Choledochal cyst
Choledochal cysts in adults: Clinical management (Nagorney, McIlrath, Adson), 656
Cholesterol
Ileal resection–induced gallstones: Altered bilirubin or cholesterol metabolism (Pitt et al), 154
Cimetidine
Delayed gastric emptying after operation for obstructing peptic ulcer disease: Influence of cimetidine (Smale, Copeland, Reber), 592
Cirrhosis
Amino acid clearance and prognosis in surgical patients with cirrhosis (Clowes et al), 675
Clerkship
Relationship between type of surgical clerkship, order of completion, and achievement on patient management problems (Papp, Williams, Goldman), 102
Collagen synthesis
Studies on inflammation and wound healing: Angiogenesis and collagen synthesis stimulated in vivo by resident and activated wound macrophages (Hunt et al), 48
Colon
Prevention of rat colon cancer metastases by perioperative immunostimulation (Weese et al), 420
Rational management of malignant colon polyps based on long-term follow-up (Fried et al), 815

Colonoscopy
Value of colonoscopy after ureterosigmoidostomy (Starling, Uehling, Gilchrist), 784
Controversy
Advocates in vascular controversies (Barnes, Hollier, Mills), 78
Cushing's disease
Nelson's syndrome after Cushing's disease in childhood: Continuing problem (Thomas et al), 1067
Successful adrenal autotransplantation in Cushing's disease (Ott et al), 1054
Cyclosporine
Cyclosporine-induced adenosine triphosphate depletion in murine T and B lymphocytes (Lum et al), 256
Prolongation of intraperitoneal segmental pancreatic allografts in primates receiving cyclosporin A (Du Toit et al), 14
Cyst
Choledochal cysts in adults: Clinical management (Nagorney, McIlrath, Adson), 656

D

Dacron
Endothelial seeding of Dacron and polytetrafluoroethylene grafts: Cellular events of healing (Herring et al), 745
Denver shunt
"Peel away" technique for Denver shunt insertion (Valentine and Turner), 937
Diabetes
Prostacyclin synthetase activity in diabetic human venous tissue (Saroyan et al), 179
Dialysis
Surgical considerations of continuous peritoneal dialysis (Robison et al), 723
Diarrhea
Secretory diarrhea with islet cell hyperplasia and increased immunohistochemical reactivity to serotonin (Nishiyama et al), 1038
Dipyridamole
Effect of aspirin and dipyridamole on patency of lower extremity bypass grafts (Kohler et al), 462
Dissection
Infrarenal aortic dissection—Is there a clue? (letter) (Adar), 946
Doppler probe
Intraoperative assessment of in situ saphenous vein bypass grafts with continuous-wave Doppler probe (Spencer et al), 874
DTIC
Parathyroid carcinoma: Biochemical and pathologic response to DTIC (Calandra et al), 1132
Duodenogastric reflux
Duodenogastric reflux and reflux esophagitis (Little et al), 447
Duodenum
Enteric neural pathways inhibitory to rabbit duodenal serotonin release (Kellum, Wu, Donowitz), 139

E

Education
Presidential address: Perspectives in medical education (Imbembo), 88
EEG
Correlation of cerebral blood flow and EEG during carotid occlusion for endarterectomy (without shunting) and neurologic outcome (Morawetz et al), 184
Effusion
Operation for diagnosis and treatment of pericardial effusions (Little et al), 738
Embolization
Partial splenic embolization, alternative to splenectomy—Results of prospective, randomized study (Mozes et al), 694
Endarterectomy
Correlation of cerebral blood flow and EEG during carotid occlusion for endarterectomy (without shunting) and neurologic outcome (Morawetz et al), 184
Does contralateral occlusion influence neurologic fate of carotid endarterectomy? (Sachs et al), 839
Efficacy of routine completion operative angiography in reducing incidence of perioperative stroke associated with carotid endarterectomy (Jernigan et al), 831
Shunts versus no shunts in carotid endarterectomy (letter) (Van Speybroeck), 947; Neurologic deficits after endarterectomy (reply) (Rosenthal), 947
Endothelial seeding
Endothelial seeding of Dacron and polytetrafluoroethylene grafts: Cellular events of healing (Herring et al), 745
Endothelial seeding of venous prostheses (Plate et al), 929
Endothelium
Do ischemic hearts stimulate endothelial cell growth? (Galloway, Pelletier, D'Amore), 435
Endotoxin $F(ab')_2$
Anticore endotoxin $F(ab')_2$ equine immunoglobulin fragments protect against lethal effects of gram-negative bacterial sepsis (Dunn et al), 440
Enterocolitis
Necrotizing enterocolitis: Factors affecting mortality in 101 surgical cases (Cikrit et al), 648
Epithelium
Effect of aspirin on epithelial cell membrane potentials of gastric fundic mucosa (Cheung, De, Ashley), 171
Effect of topical bile acids on gastric surface epithelial cells (Carter et al), 196
Epsilon aminocaproic acid
Mechanism of hepatoprotection by epsilon aminocaproic acid and putrescine (Putnam et al), 214
Erratum
Common femoral artery injury by blunt trauma: Case report (Scott et al), 461
Escherichia coli
Mechanism of adjuvant effect of hemoglobin in experimental peritonitis: VIII. Leukotoxin is produced by *Escherichia coli* metabolism in hemoglobin (Pruett et al), 375
Esophagitis
Duodenogastric reflux and reflux esophagitis (Little et al), 447
Esophagus
Esophageal motility: Effects of injection sclerotherapy (Larson et al), 703
H^+ back diffusion interferes with intrinsic reactive regulation of esophageal mucosal blood flow (Bass et al), 404
Substernal gastric bypass of excluded esophagus—Results of an ill-advised operation (Orringer), 467
Examination
Significance of the in-training examination in surgical residency program (Garvin and Kaminski), 109
Validity of multiple-choice examinations in surgery (Stillman), 97
Exchange therapy
Effect of exchange therapy on postburn lymphocyte suppression (Warden et al), 321
Extravascular lung water
Morphologic and physiologic correlates of increased extravascular lung water (Bongard et al), 395

F

Femoral artery
Common femoral artery injury by blunt trauma: Case report (Scott, Pinson, Inahara), 122
Fibrocystic breast disease
Prospective study of "fibrocystic breast disease" and caffeine consumption (Heyden and Muhlbaier), 479
Fibronectin
Modulators of plasma fibronectin response during sepsis (Velky et al), 190
Filter
Greenfield intracaval filter as source of recurrent pulmonary thromboembolism (McAuley et al), 574
Fistula
Asymptomatic vena caval fistulization complicating abdominal aortic aneurysm (Weinbaum, Riles, Imparato), 126
Left ventricular adaption to volume overload from large aortocaval fistula (Alyono et al), 360
Posttraumatic vertebral artery aneurysm and arteriovenous fistula: Case report (Roper, Guinto, Wolma), 556
Primary aortoduodenal fistula: Manifestation, diagnosis, and treatment (Sweeney and Gadacz), 492
Fluid
Inhibition of host immunity by fluid and mononuclear cells from healing wounds (Barbul et al), 315
Fructose 2,6-biphosphate
Hepatic fructose 2,6-biphosphate in rats with peritonitis and septic shock (Apantaku et al), 770

G

Gallstone
Ileal resection-induced gallstones: Altered bilirubin or cholesterol metabolism (Pitt et al), 154
Gastrectomy
Effect of bombesin on plasma cholecystokinin in normal persons and gastrectomized patients measured by sequence-specific radioimmunoassays (Jansen and Lamers), 55
Gastrin
Failure of secretin to stimulate gastrin release and adenylate cyclase activity in gastrinoma in vitro (Ellison et al), 1019
Gastrinoma
Failure of secretin to stimulate gastrin release and adenylate cyclase activity in gastrinoma in vitro (Ellison et al), 1019
Gland
Follicular carcinoma of the thyroid gland: Trends and treatment (Harness et al), 972
Magnetic resonance imaging of thyroid, thymus, and parathyroid glands (Stark, Clark, Moss), 1083
Preliminary results of thallium 201 and technetium 99m subtraction scanning of parathyroid glands (Wheeler et al), 1078
Gluconeogenesis
Gluconeogenesis in tumor-influenced hepatocytes (Roh et al), 427
Glycoprotein
Novel approach to production of antitumor monoclonal antibodies: Antibody to cell surface glycoprotein associated with transformation by a human oncogene (Roth et al), 264
Graft
Clinical implications of portal hemodynamics after small-diameter portacaval H graft (Sarfeh et al), 223
Effect of aspirin and dipyridamole on patency of lower extremity bypass grafts (Kohler et al), 462
Endothelial seeding of Dacron and polytetrafluoroethylene grafts: Cellular events of healing (Herring et al), 745
Inhibition of platelet deposition on polytetrafluoroethylene grafts by antiplatelet agents (Kon et al), 870
Intraoperative assessment of in situ saphenous vein bypass grafts with continuous-wave Doppler probe (Spencer et al), 874
Limitations of human umbilical vein grafts (Harris et al), 23
Optimal techniques for harvesting and preparation of reversed autogenous vein grafts for use as arterial substitutes: Review (Adcock et al), 886
Patency of femoropopliteal and femorotibial grafts after outflow revascularization (jump grafts) to bypass distal disease (Andros et al), 878
Greenfield intracaval filter
Greenfield intracaval filter as source of recurrent pulmonary thromboembolism (McAuley et al), 574

H

Hashimoto's thyroiditis
Hyperparathyroidism unmasked by treatment of hypothyroidism secondary to Hashimoto's thyroiditis (Calandra et al), 1015
H^+ back diffusion
H^+ back diffusion interferes with intrinsic reactive regulation of esophageal mucosal blood flow (Bass et al), 404
Heart
Do ischemic hearts stimulate endothelial cell growth? (Galloway, Pelletier, D'Amore), 435
Suppressor cell induction in donor-specific transfused mouse heart recipients (Shelly, Wakely, Corry), 296
Hemoglobin
Mechanism of adjuvant effect of hemoglobin in experimental peritonitis: VIII. A leukotoxin is produced by *Escherichia coli* metabolism in hemoglobin (Pruett et al), 375
Hemorrhagic shock
Microcirculatory norepinephrine constrictor response in hemorrhagic shock (Flint et al), 240
Parathyroid response to hypocalcemia after treatment of hemorrhagic shock (Lucas et al), 711
Heparin
Effect of continuous low-dose intravenous heparin administered during operation on postoperative measurements of antithrombin III and antifactor Xa (Jennings, Heather, Greenhalgh), 550
Hepatocyte
Gluconeogenesis in tumor-influenced hepatocytes (Roh et al), 427
Hepatoprotection
Mechanism of hepatoprotection by epsilon aminocaproic acid and putrescine (Putnam et al), 214
Hernia
Paraduodenal hernia: Diagnosis and surgical management (Brigham et al), 498
H graft
Clinical implications of portal hemodynamics after small-diameter portacaval H graft (Sarfeh et al), 223
Hodgkin's disease
Complications related to 234 staging laparotomies performed in Intergroup Hodgkin's Disease in Childhood Study (Hays et al), 471
Hydrochloric acid
Failure of methylprednisolone, ibuprofen, or prostacyclin to reduce HCl-induced pulmonary albumin leak in dogs (Buchman et al), 163
Hyperamylasemia
Postoperative hyperamylasemia, pancreatitis, and primary hyperparathyroidism (Watson et al), 1151
Hypergastrinemia
Hyperparathyroidism and hypergastrinemia revisited (Primrose and Joffe), 1144
Hyperparathyroidism
Hyperparathyroidism and hypergastrinemia revisited (Primrose and Joffe), 1144
Hyperparathyroidism unmasked by treatment of hypothyroidism secondary to Hashimoto's thyroiditis (Calandra et al), 1015
Neuropsychologic deficits associated with primary hyperparathyroidism (Numann, Torppa, Blumetti), 1119
Parathyroidectomy for primary hyperparathyroidism: Early discharge (Tarazi, Esselstyn, Coccia), 1158
Postoperative hyperamylasemia, pancreatitis, and primary hyperparathyroidism (Watson et al), 1151
Primary hyperparathyroidism during pregnancy (Croom and Thomas), 1109
Primary hyperparathyroidism, pregnancy, and neonatal hypocalcemia (Kaplan et al), 717
Subtotal parathyroidectomy for secondary hyperparathyroidism (Zdon et al), 1103
Hyperplasia
Anatomy of parathyroid hyperplasia (Liechty and Weil), 1099
Secretory diarrhea with islet cell hyperplasia and increased immunohistochemical reactivity to serotonin (Nishiyama et al), 1038
Total parenteral nutrition inhibits intestinal adaptive hyperplasia in young rats: Reversal by feeding (Ford et al), 527
Hypocalcemia
Parathyroid response to hypocalcemia after treatment of hemorrhagic shock (Lucas et al), 711
Primary hyperparathyroidism, pregnancy, and neonatal hypocalcemia (Kaplan et al), 717
Hypothyroidism
Hyperparathyroidism unmasked by treatment of hypothyroidism secondary to Hashimoto's thyroiditis (Calandra et al), 1015

I

Ibuprofen
Failure of methylprednisolone, ibuprofen, or prostacyclin to reduce HCl-induced pulmonary albumin leak in dogs (Buchman et al), 163
Ileocecum
Nipple valve as sphincter substitute for ileocecal valve: Prevention of bacterial overgrowth in small bowel (Myrvold et al), 42
Ileum
Ileal resection-induced gallstones: Altered bilirubin or cholesterol metabolism (Pitt et al), 154
Imaging
Magnetic resonance imaging of thyroid, thymus, and parathyroid glands (Stark, Clark, Moss), 1083
Immunity
Inhibition of host immunity by fluid and mononuclear cells from healing wounds (Barbul et al), 315
Liposomes as immune adjuvants: T cell dependence (Beatty et al), 345

Immunoglobulin
Anticore endotoxin $F(ab')_2$ equine immunoglobulin fragments protect against lethal effects of gram-negative bacterial sepsis (Dunn et al), 440
Immunology
Small intestine transplantation in rat—Immunology and function (Kirkman et al), 280
Immunomodulator
Immunomodulators in treatment of peritonitis in burned and malnourished animals (Waymack et al), 308
Immunostimulation
Prevention of rat colon cancer metastases by perioperative immunostimulation (Weese et al), 420
Immunosuppression
Reversal of postburn immunosuppression by administration of vitamin A (Fusi et al), 330
Immunotherapy
Specific active immunotherapy with butanol-extracted, tumor-associated antigens incorporated into liposomes (Steele et al), 352
Imprint
Intraoperative imprints for identification of parathyroid tissue (Geelhoed and Silverberg), 1124
Infection
Development of model of subacute lung injury after intra-abdominal infection (Kirton et al), 384
Factors influencing risk of early and late serious infection in adults after splenectomy for trauma (Malangoni et al), 775
Percutaneous aspiration and drainage for suspected abdominal infection (Pruett et al), 731
Inflammation
Complement-induced expression of cryptic receptors on neutrophil surface: Mechanism for regulation of acute inflammation in trauma (Solomkin et al), 336
Studies on inflammation and wound healing: Angiogenesis and collagen synthesis stimulated in vivo by resident and activated wound macrophages (Hunt et al), 48
Injury
Arterial injuries in extremity shotgun wounds: Requisite factors for successful management (Roberts and String), 902
Development of model of subacute lung injury after intra-abdominal infection (Kirton et al), 384
Management of arm arterial injuries (Sitzmann and Ernst), 895
Intergroup Hodgkin's Disease in Childhood Study
Complications related to 234 staging laparotomies preformed in Intergroup Hodgkin's Disease in Childhood Study (Hays et al), 471
Intestine
Small intestine transplantation in rat—Immunology and function (Kirkman et al), 280
Total parenteral nutrition inhibits intestinal adaptive hyperplasia in young rats: Reversal by feeding (Ford et al), 527
Intracranial pressure
Brain metabolism during increased intracranial pressure as assessed by niroscopy (Proctor et al), 273
Ischemia
Do ischemic hearts stimulate endothelial cell growth? (Galloway, Pelletier, D'Amore), 435
Effect of cardiopulmonary bypass and global ischemia on human and canine left ventricular mass: Evidence for interspecies differences (Spotnitz et al), 230
Recovery of adenine nucleotide levels after global myocardial ischemia in dogs (Ward et al), 248
Islet autotransplantation
Chronic pancreatitis: Long-term surgical results of pancreatic duct drainage, pancreatic resection, and near-total pancreatectomy and islet autotransplantation (Morrow et al), 608

J

Jet ventilation
Adult respiratory distress syndrome: Improved oxygenation during high-frequency jet ventilation/continuous positive airway pressure (Hurst and DeHaven), 764

L

Laparotomy
Complications related to 234 staging laparotomies performed in Intergroup Hodgkin's Disease in Childhood Study (Hays et al), 471
Leak
Failure of methylprednisolone, ibuprofen, or prostacyclin to reduce HCl-induced pulmonary albumin leak in dogs (Buchman et al), 163
Lesion
Increased capillary permeability: Early lesion in acute pancreatitis (Sanfey and Cameron), 485
Leukotoxin
Mechanism of adjuvant effect of hemoglobin in experimental peritonitis: VIII. Leukotoxin is produced by *Escherichia coli* metabolism in hemoglobin (Pruett et al), 375
Limb salvage
In situ vein bypasses to distal tibial and limited outflow tracts for limb salvage (Corson et al), 756
Lipid
Intolerance to administered lipids in tumor-bearing animals (Devereux et al), 414
Liposome
Liposomes as immune adjuvants: T cell dependence (Beatty et al), 345
Specific active immunotherapy with butanol-extracted, tumor-associated antigens incorporated into liposomes (Steele et al), 352
Liver
Effects of reversal of jejunoileal bypass operations on hepatic triglyceride content and hepatic morphology (Styblo, Martin, Kaminski), 632
Hepatic fructose 2,6-biphosphate in rats with peritonitis and septic shock (Apantaku et al), 770
Induction of hepatic protein synthesis by peptide in blood plasma of patients with sepsis and trauma (Loda et al), 204
Metabolism during hepatic transplantation: Indicators of allograft function (Fath et al), 664
Postmortem examination of blood supply and vascular pattern of small liver metastases in man (Lin et al), 517
Lung
Development of model of subacute lung injury after intra-abdominal infection (Kirton et al), 384
Greenfield intracaval filter as source of recurrent pulmonary thromboembolism (McAuley et al), 574
Morphologic and physiologic correlates of increased extravascular lung water (Bongard et al), 395
Lymphocyte
Cyclosporine-induced adenosine triphosphate depletion in murine T and B lymphocytes (Lum et al), 256
Effect of exchange therapy on postburn lymphocyte suppression (Warden et al), 321

M

Macrophage
Studies on inflammation and wound healing: Angiogenesis and collagen synthesis stimulated in vivo by resident and activated wound macrophages (Hunt et al), 48
Magnetic resonance imaging
Magnetic resonance imaging of thyroid, thymus, and parathyroid glands (Stark, Clark, Moss), 1083
Malignancy
Rational management of malignant colon polyps based on long-term follow-up (Fried et al), 815
Malnourishment
Immunomodulators in treatment of peritonitis in burned and malnourished animals (Waymack et al), 308
Mass
Effect of cardiopulmonary bypass and global ischemia on human and canine left ventricular mass: Evidence for interspecies differences (Spotnitz et al), 230
Medical education
Presidential address: Perspectives in medical education (Imbembo), 88
Melanoma
Serologic response to human melanoma lines from patients with melanoma undergoing treatment with vaccinia melanoma oncolysates (Wallack and Michaelides), 791
Membrane
Effect of aspirin on epithelial cell membrane potentials of gastric fundic mucosa (Cheung, De, Ashley), 171
Mesoatrial shunt
Mesoatrial shunt: Prosthesis modification (Cameron, Kadir, Pierce), 114

Metabolism
Brain metabolism during increased intracranial pressure as assessed by niroscopy (Proctor et al), 273
Ileal resection–induced gallstones: Altered bilirubin or cholesterol metabolism (Pitt et al), 154
Mechanism of adjuvant effect of hemoglobin in experimental peritonitis: VIII. Leukotoxin is produced by *Escherichia coli* metabolism in hemoglobin (Pruett et al), 375
Metabolism during hepatic transplantation: Indicators of allograft function (Fath et al), 664
Prospective, randomized study of adjuvant parenteral nutrition in treatment of sarcomas: Results of metabolic and survival studies (Shamberger et al), 1
Weight loss and metabolic changes of morbidly obese patients after gastric partitioning operation (Tsoi, Westenskow, Moody), 545
Metachronous primary cancer
Cause of late postoperative death in patients with early gastric cancer with special reference to recurrence and incidence of metachronous primary cancer in other organs (Koga et al), 511
Metastasis
Abrogation of hematogenous metastases in murine model by natural killer cells (Richie), 133
Postmortem examination of blood supply and vascular pattern of small liver metastases in man (Lin et al), 517
Prevention of rat colon cancer metastases by perioperative immunostimulation (Weese et al), 420
Methylprednisolone
Failure of methylprednisolone, ibuprofen, or prostacyclin to reduce HCl-induced pulmonary albumin leak in dogs (Buchman et al), 163
Microadenoma
Solitary parathyroid microadenoma (Rasbach et al), 1092
Microwave
Experimental splenic preservation employing microwave surgical techniques: Preliminary report (Toy, Reed, Taylor), 117
Mononuclear cell
Inhibition of host immunity by fluid and mononuclear cells from healing wounds (Barbul et al), 315
Mucosa
Effect of aspirin on epithelial cell membrane potentials of gastric fundic mucosa (Cheung, De, Ashley), 171
H^+ back diffusion interferes with intrinsic reactive regulation of esophageal mucosal blood flow (Bass et al), 404
Multiple endocrine neoplasia
Clinical value of tumor doubling estimations in multiple endocrine neoplasia type II (Jackson et al), 981
Murine model
Abrogation of hematogenous metastases in murine model by natural killer cells (Richie), 133
Myocardial depression
Anesthesia-induced myocardial depression: Quantitation of effects on systolic and diastolic function (Van Trigt et al), 368
Myocardial ischemia
Recovery of adenine nucleotide levels after global myocardial ischemia in dogs (Ward et al), 248

N

Nelson's syndrome
Nelson's syndrome after Cushing's disease in childhood: Continuing problem (Thomas et al), 1067
Neoplasia
Clinical value of tumor doubling estimations in multiple endocrine neoplasia type II (Jackson et al), 981
Neural pathway
Enteric neural pathways inhibitory to rabbit duodenal serotonin release (Kellum, Wu, Donowitz), 139
Neurology
Shunts versus no shunts in carotid endarterectomy (letter) (Van Speybroeck), 947; Neurologic deficts after endarterectomy (reply) Rosenthal), 947
Neuropsychology
Neuropsychologic deficits associated with primary hyperparathyroidism (Numann, Torppa, Blumetti), 1119
Neuropsychologic predictors of operative skill among general surgery residents (Scheuneman et al), 288
Neurotensin
Role of neurotensin in pancreatic secretion (Sakamoto et al), 146
Neutrophil
Complement-induced expression of cryptic receptors on neutrophil surface: Mechanism for regulation of acute inflammation in trauma (Solomkin et al), 336
Nipple valve
Nipple valve as sphincter substitute for ileocecal valve: Prevention of bacterial overgrowth in small bowel (Myrvold et al), 42
Niroscopy
Brain metabolism during increased intracranial pressure as assessed by niroscopy (Proctor et al), 273
Nodule
Solitary pulmonary nodule in patient with breast cancer (Casey et al), 801
Norepinephrine
Microcirculatory norepinephrine constrictor response in hemorrhagic shock (Flint et al), 240
Nutrition
Adjuvant parenteral nutrition in patient with cancer (Fischer), 578
Prospective, randomized study of adjuvant parenteral nutrition in treatment of sarcomas: Results of metabolic and survival studies (Shamberger et al), 1
Total parenteral nutrition inhibits intestinal adaptive hyperplasia in young rats: Reversal by feeding (Ford et al), 527

O

Obesity
Searching for best weight reduction operation (Rucker et al), 624
Weight loss and metabolic changes of morbidly obese patients after gastric partitioning operation (Tsoi, Westenskow, Moody), 545
Occlusion
Does contralateral occlusion influence neurologic fate of carotid endarterectomy? (Sachs et al), 839
Surgical management of occluded carotid artery (Rushton and Kukora), 845
Ocular pneumoplethysmography
Asymptomatic cervical bruit and abnormal ocular pneumoplethysmography: Prospective study comparing two approaches to management (Clagett et al), 823
Oncogene
Novel approach to production of antitumor monoclonal antibodies: Antibody to cell surface glycoprotein associated with transformation by a human oncogene (Roth et al), 264
Oncology
Oncologic aspects of pheochromocytoma: Importance of follow-up (Scott and Halter), 1061
Oncolysate
Serologic response to human melanoma lines from patients with melanoma undergoing treatment with vaccinia melanoma oncolysates (Wallack and Michaelides), 791
Operative skill
Neuropsychologic predictors of operative skill among general surgery residents (Scheuneman et al), 288
Overload
Left ventricular adaption to volume overload from large aortocaval fistula (Alyono et al), 360
Oxygenation
Adult respiratory distress syndrome: Improved oxygenation during high-frequency jet ventilation/continuous positive airway pressure (Hurst and DeHaven), 764

P

Pancreas
Intraoperative ultrasonic localization of endocrine tumors of the pancreas (Rueckert, Klotter, Kümmerle), 1045
Metastatic insulin-secreting carcinoma of the pancreas: Clinical course and role of surgery (Danforth, Gorden, Brennan), 1027
Pancreatic carcinoma in childhood: Case report of long survival and review of literature (Tersigni et al), 560
Prognostic factors in pancreatic abscess (Becker et al), 445
Prolongation of intraperitoneal segmental pancreatic allografts in primates receiving cyclosporin A (Du Toit et al), 14
Re: Successful long-term results with resection of pancreatic carcinoma in children (letter) (Wetzel), 946
Role of neurotensin in pancreatic secretion (Sakamoto et al), 146
Pancreatectomy
Near-total pancreatectomy for chronic pancreatitis (Eckhauser et al), 599

Pancreatitis
Chronic pancreatitis: Long-term surgical results of pancreatic duct drainage, pancreatic resection, and near-total pancreatectomy and islet autotransplantation (Morrow et al), 608
Increased capillary permeability: Early lesion in acute pancreatitis (Sanfey and Cameron), 485
Near-total pancreatectomy for chronic pancreatitis (Eckhauser et al), 599
Postoperative hyperamylasemia, pancreatitis, and primary hyperparathyroidism (Watson et al), 1151
Parathyroid
Anatomy of parathyroid hyperplasia (Liechty and Weil), 1099
Angiogenesis of human parathyroid tissue (Saxe), 1138
Intraoperative imprints for identification of parathyroid tissue (Geelhoed and Silverberg), 1124
Magnetic resonance imaging of thyroid, thymus, and parathyroid glands (Stark, Clark, Moss), 1083
Management problems in coexisting parathyroid crisis and florid thyrotoxicosis (Piccione, Selenkow, Cady), 1009
Parathyroid carcinoma: Biochemical and pathologic response to DTIC (Calandra et al), 1132
Parathyroid response to hypocalcemia after treatment of hemorrhagic shock (Lucas et al), 711
Preliminary results of thallium 201 and technetium 99m subtraction scanning of parathyroid glands (Wheeler et al), 1078
Solitary parathyroid microadenoma (Rasbach et al), 1092
Parathyroidectomy
Parathyroidectomy for primary hyperparathyroidism: Early discharge (Tarazi, Esselstyn, Coccia), 1158
Subtotal parathyroidectomy for secondary hyperparathyroidism (Zdon et al), 1103
Parenteral nutrition
Adjuvant parenteral nutrition in patient with cancer (Fischer), 578
Prospective, randomized study of adjuvant parenteral nutrition in treatment of sarcomas: Results of metabolic and survival studies (Shamberger et al), 1
Total parenteral nutrition inhibits intestinal adaptive hyperplasia in young rats: Reversal by feeding (Ford et al), 527
Patency
Effect of aspirin and dipyridamole on patency of lower extremity bypass grafts (Kohler et al), 462
Patient management
Relationship between type of surgical clerkship, order of completion, and achievement on patient management problems (Papp, Williams, Goldman), 102
"Peel away" technique
"Peel away" technique for Denver shunt insertion (Valentine and Turner), 937
Peptic ulcer
Delayed gastric emptying after operation for obstructing peptic ulcer disease: Influence of cimetidine (Smale, Copeland, Reber), 592
Peptide
Induction of hepatic protein synthesis by peptide in blood plasma of patients with sepsis and trauma (Loda et al), 204
Periangiography hydration
Value of periangiography hydration (Kerstein and Puyau), 919
Pericardial effusion
Operation for diagnosis and treatment of pericardial effusions (Little et al), 738
Peritoneal dialysis
Surgical considerations of continuous peritoneal dialysis (Robison et al), 723
Peritonitis
Hepatic fructose 2,6-biphosphate in rats with peritonitis and septic shock (Apantaku et al), 770
Immunomodulators in treatment of peritonitis in burned and malnourished animals (Waymack et al), 308
Mechanism of adjuvant effect of hemoglobin in experimental peritonitis: VIII. Leukotoxin is produced by *Escherichia coli* metabolism in hemoglobin (Pruett et al), 375
Pheochromocytoma
Oncologic aspects of pheochromocytoma: Importance of follow-up (Scott and Halter), 1061
Pitfall
Pitfalls in evaluating the surgical student (Stillman), 92
Plasma
Effect of bombesin on plasma cholecystokinin in normal persons and gastrectomized patients measured by sequence-specific radioimmunoassays (Jansen and Lamers), 55
Induction of hepatic protein synthesis by peptide in blood plasma of patients with sepsis and trauma (Loda et al), 204
Modulators of plasma fibronectin response during sepsis (Velky et al), 190
Platelet
Inhibition of platelet deposition on polytetrafluoroethylene grafts by antiplatelet agents (Kon et al), 870
Pledget
Secure aortic stump closure with autogenous vein pledgets (Cogbill), 940
Polyp
Rational management of malignant colon polyps based on long-term follow-up (Fried et al), 815
Polytetrafluoroethylene
Endothelial seeding of Dacron and polytetrafluoroethylene grafts: Cellular events of healing (Herring et al), 745
Inhibition of platelet deposition on polytetrafluoroethylene grafts by antiplatelet agents (Kon et al), 870
Portal hemodynamics
Clinical implications of portal hemodynamics after small-diameter portacaval H Graft (Sarfeh et al), 223
Positive airway pressure
Adult respiratory distress syndrome: Improved oxygenation during high-frequency jet ventilation/continuous positive airway pressure (Hurst and DeHaven), 764
Pregnancy
Primary hyperparathyroidism during pregnancy (Croom and Thomas), 1109
Primary hyperparathyroidism, pregnancy, and neonatal hypocalcemia (Kaplan et al), 717
Presidential address
Presidential address: Coming of age (AAES) (Friesen), 949
Presidential address: How big the bite? (SUS) (Jaffe), 129
Presidential address: Perspectives in medical education (ASE) (Imbembo), 88
Presidental address: The wrong end (CSA) (Griffen), 581
Proctectomy
Intersphincteric proctectomy (Zeitels, Fiddian-Green, Dent), 617
Prostacyclin
Failure of methylprednisolone, ibuprofen, or prostacyclin to reduce HCl-induced pulmonary albumin leak in dogs (Buchman et al), 163
Prostacyclin synthetase activity in diabetic human venous tissue (Saroyan et al), 179
Prostaglandin E_1
Effects of intravenous and intra-arterial infusion of prostaglandin E_1 on canine hindlimb blood flow distribution (Lynch et al), 35
Prosthesis
Endothelial seeding of venous prostheses (Plate et al), 929
Mesoatrial shunt: Prosthesis modification (Cameron, Kadir, Pierce), 114
Overcoming failure of venous vascular prostheses (Plate et al), 503
Protein synthesis
Induction of hepatic protein synthesis by peptide in blood plasma of patients with sepsis and trauma (Loda et al), 204
Pseudoaneurysm
Popliteal vein psuedoaneurysm: Case report (Noon et al), 942
Pump
Implantable infusion pump in therapy of canine adrenal insufficiency (Saxe), 1048
Putrescine
Mechanism of hepatoprotection by epsilon aminocaproic acid and putrescine (Putnam et al). 214

R

Radiation
High-dose radiation and the emergence of thyroid nodular disease (Rosen et al), 988
Radioimmunoassay
Effect of bombesin on plasma cholecystokinin in normal persons and gastrectomized patients measured by sequence-specific radioimmunoassays (Jansen and Lamers), 55

Rating system
Development of an objective rating system for residency applications (Clarke and Wigton), 302
Reflux
Duodenogastric reflux and reflux esophagitis (Little et al), 447
Residency
Development of an objective rating system for residency applications (Clarke and Wigton), 302
Neuropsychologic predictors of operative skill among general surgery residents (Scheuneman et al), 288
Significance of the in-training examination in surgical residency program (Garvin and Kaminski), 109
Revascularization
Patency of femoropopliteal and femorotibial grafts after outflow revascularization (jump grafts) to bypass distal disease (Andros et al), 878
Rupture
Rupture of a thrombosed aorta (letter) (Leather and Karmody), 946

S

Sarcoma
Prospective, randomized study of adjuvant parenteral nutrition in treatment of sarcomas: Results of metabolic and survival studies (Shamberger et al), 1
Scan
Preliminary results of thallium 201 and technetium 99m subtraction scanning of parathyroid glands (Wheeler et al), 1078
Sclerotherapy
Esophageal motility: Effects of injection sclerotherapy (Larson et al), 703
Secretin
Failure of secretin to stimulate gastrin release and adenylate cyclase activity in gastrinoma in vitro (Ellison et al), 1019
Secretion
Role of neurotensin in pancreatic secretion (Sakamoto et al), 146
Sepsis
Anticore endotoxin $F(ab')_2$ equine immunoglobulin fragments protect against lethal effects of gram-negative bacterial sepsis (Dunn et al), 440
Induction of hepatic protein synthesis by peptide in blood plasma of patients with sepsis and trauma (Loda et al), 204
Modulators of plasma fibronectin response during sepsis (Velky et al), 190
Serotonin
Enteric neural pathways inhibitory to rabbit duodenal serotonin release (Kellum, Wu, Donowitz), 139
Secretory diarrhea with islet cell hyperplasia and increased immunohistochemical reactivity to serotonin (Nishiyama et al), 1038
Shock
Hepatic fructose 2,6-biphosphate in rats with peritonitis and septic shock (Apantaku et al), 770
Microcirculatory norepinephrine constrictor response in hemorrhagic shock (Flint et al), 240
Parathyroid response to hypocalcemia after treatment of hemorrhagic shock (Lucas et al), 711
Shotgun wound
Arterial injuries in extremity shotgun wounds: Requisite factors for successful management (Roberts and String), 902
Shunt
Correlation of cerebral blood flow and EEG during carotid occlusion for endarterectomy (without shunting) and neurologic outcome (Morawetz et al), 184
Mesoatrial shunt: Prosthesis modification (Cameron, Kadir, Pierce), 114
"Peel away" technique for Denver shunt insertion (Valentine and Turner), 937
Shunts versus no shunts in carotid endarterectomy (letter) (Van Speybroeck), 947; Neurologic deficits after endarterectomy (reply) (Rosenthal), 947
Sphincter
Nipple valve as sphincter substitute for ileocecal valve: Prevention of bacterial overgrowth in small bowel (Myrvold et al), 42
Spleen
Experimental splenic preservation employing microwave surgical techniques: Preliminary report (Toy, Reed, Taylor), 117
Splenectomy
Factors influencing risk of early and late serious infection in adults after splenectomy for trauma (Malangoni et al), 775
Partial splenic embolization, alternative to splenectomy—Results of prospective, randomized study (Mozes et al), 694
Stomach
Cause of late postoperative death in patients with early gastric cancer with special reference to recurrence and incidence of metachronous primary cancer in other organs (Koga et al), 511
Substernal gastric bypass of excluded esophagus—Results of an ill-advised operation (Orringer), 467
Weight loss and metabolic changes of morbidly obese patients after gastric partitioning operation (Tsoi, Westenskow, Moody), 545
Stroke
Efficacy of routine completion operative angiography in reducing incidence of perioperative stroke associated with carotid endarterectomy (Jernigan et al), 831
Student
Pitfalls in evaluating the surgical student (Stillman), 92
Stump
Secure aortic stump closure with autogenous vein pledgets (Cogbill), 940
Surgonomics
Surgonomics: Cost of cholecystectomy (Muñoz et al), 642
Synthesis
Studies on inflammation and wound healing: Angiogenesis and collagen synthesis stimulated in vivo by resident and activated wound macrophages (Hunt et al), 48

T

T cell
Liposomes as immune adjuvants: T cell dependence (Beatty et al), 345
Technetium 99m
Preliminary results of thallium 201 and technetium 99m subtraction scanning of parathyroid glands (Wheeler et al), 1078
Thallium 201
Preliminary results of thallium 201 and technetium 99m subtraction scanning of parathyroid glands (Wheeler et al), 1078
Thromboembolism
Greenfield intracaval filter as source of recurrent pulmonary thromboembolism (McAuley et al), 574
Thymus
Magnetic resonance imaging of thyroid, thymus, and parathyroid glands (Stark, Clark, Moss), 1083
Thyroid
Absence of high-affinity binding sites for beta-adrenergic blockers and lack of adenyl cyclase stimulation to beta-adrenergic stimulators in most normal and adenomatous human thyroid tissues (Goretzki et al), 1001
Androgen receptors in human thyroid tissue (Prinz, Sandberg, Chaudhuri), 996
Biologic considerations and operative strategy in papillary thyroid carcinoma: Arguments against routine performance of total thyroidectomy (Cohn et al), 957
Follicular carcinoma of thyroid gland: Trends and treatment (Harness et al), 972
High-dose radiation and emergence of thyroid nodular disease (Rosen et al), 988
Magnetic resonance imaging of thyroid, thymus, and parathyroid glands (Stark, Clark, Moss), 1083
Thyrotoxicosis
Management problems in coexisting parathyroid crisis and florid thyrotoxicosis (Piccione, Selenkow, Cady), 1009
Transfusion
Suppressor cell induction in donor-specific transfused mouse heart recipients (Shelly, Wakely, Corry), 296
Transplantation
Metabolism during hepatic transplantation: Indicators of allograft function (Fath et al), 664
Small intestine transplantation in rat—Immunology and function (Kirkman et al), 280
Trauma
Common femoral artery injury by blunt trauma: Case report (Scott, Pinson, Inahara), 122
Complement-induced expression of cryptic receptors on neutrophil surface: Mechanism for regulation of acute inflammation in trauma (Solomkin et al), 336

Trauma, contd.
Factors influencing risk of early and late serious infection in adults after splenectomy for trauma (Malangoni et al), 775
Induction of hepatic protein synthesis by peptide in blood plasma of patients with sepsis and trauma (Loda et al). 204
Triglyceride
Effects of reversal of jejunoileal bypass operations on hepatic triglyceride content and hepatic morphology (Styblo, Martin, Kaminski), 632
Tumor
Clinical value of tumor doubling estimations in multiple endocrine neoplasia type II (Jackson et al), 981
Gluconeogenesis in tumor-influenced hepatocytes (Roh et al), 427
Intolerance to administered lipids in tumor-bearing animals (Devereux et al), 414
Intraoperative ultrasonic localization of endocrine tumors of pancreas (Rueckert, Klotter, Kümmerle), 1045
Specific active immunotherapy with butanol-extracted, tumor-associated antigens incorporated into liposomes (Steele et al, 352

U

Ulcer
Delayed gastric emptying after operation for obstructing peptic ulcer disease: Influence of cimetidine (Smale, Copeland, Reber), 592
Ultrasonography
Intraoperative ultrasonic localization of endocrine tumors of pancreas (Rueckert, Klotter, Kümmerle), 1045
Umbilicus
Limitations of human umbilical vein grafts (Harris et al), 23
Ureterosigmoidostomy
Value of colonoscopy after ureterosigmoidostomy (Starling, Uehling, Gilchrist), 784

V

Vaccination
Antiestrogen-cytotoxic chemotherapy and bacillus Calmette-Guerin vaccination in stage II breast cancer: Seventy-two month follow-up (Hubay et al), 61
Vaccinia melanoma oncolysates
Serologic response to human melanoma lines from patients with melanoma undergoing treatment with vaccinia melanoma oncolysates (Wallack and Michaelides), 791
Vagotomy
Proximal gastric vagotomy versus selective vagotomy with antrectomy: Results of prospective, randomized clinical trial after four to twelve years (Donahue et al), 585
Valve
Nipple valve as sphincter substitute for ileocecal valve: Prevention of bacterial overgrowth in small bowel (Myrvold et al), 42
Vascular controversies
Advocates in vascular controversies (Barnes, Hollier, Mills), 78
Vascular steal
Vascular steal phenomenon: Expimental model (Billet et al), 923
Vein
Intraoperative assessment of in situ saphenous vein bypass grafts with continuous-wave Doppler probe (Spencer et al), 874
Limitations of human umbilical vein grafts (Harris et al), 23
Optimal techniques for harvesting and preparation of reversed autogenous vein grafts for use as arterial substitutes: Review (Adcock et al), 886
Popliteal vein pseudoaneurysm: Case report (Noon et al), 942
Secure aortic stump closure with autogenous vein pledgets (Cogbill), 940
Vena cava
Asymptomatic vena caval fistulization complicating abdominal aortic aneurysm (Weinbaum, Riles, Imparato), 126
Vertebral artery
Long-term results of direct vertebral artery operations (Reul et al), 854
Vitamin A
Reversal of postburn immunosuppression by administration of vitamin A (Fusi et al), 330
Volume overload
Left ventricular adaption to volume overload from large aortocaval fistula (Alyono et al), 360

W

Weight reduction
Searching for best weight reduction operation (Rucker et al), 624
Weight loss and metabolic changes of morbidly obese patients after gastric partitioning operation (Tsoi, Westenskow, Moody), 545
Wound
Inhibition of host immunity by fluid and mononuclear cells from healing wounds (Barbul et al), 315
Studies on inflammation and wound healing: Angiogenesis and collagen synthesis stimulated in vivo by resident and activated wound macrophages (Hunt et al), 48
